

IZE FX – Anti-Aging Eye Serum

Step: 3 **Size:** 0.5 oz./15 ml **Skin Type:** All

Purpose: To deeply nourish and protect under the eyes **Used Daily:** Lasts approx. 4-6 Weeks

Ize Fx is part of the chiral repair kit and has been formulated specifically for both men and women who suffer with dark or puffy eyes.

Ize Fx helps combat the aging process around the eyes by encouraging the skin to maintain its elasticity and muscle strength. Water accumulation behind delicate skin tissue below the eye is gently reduced with this unique formula, encouraging the reduction of puffiness, while maintaining natural firmness. Black circles sometimes found under the eyes, due to a lack of oxygen and blood to the cells, are reduced through the stimulating use of Ize Fx.
